

COSTRUZIONI NAVALI II

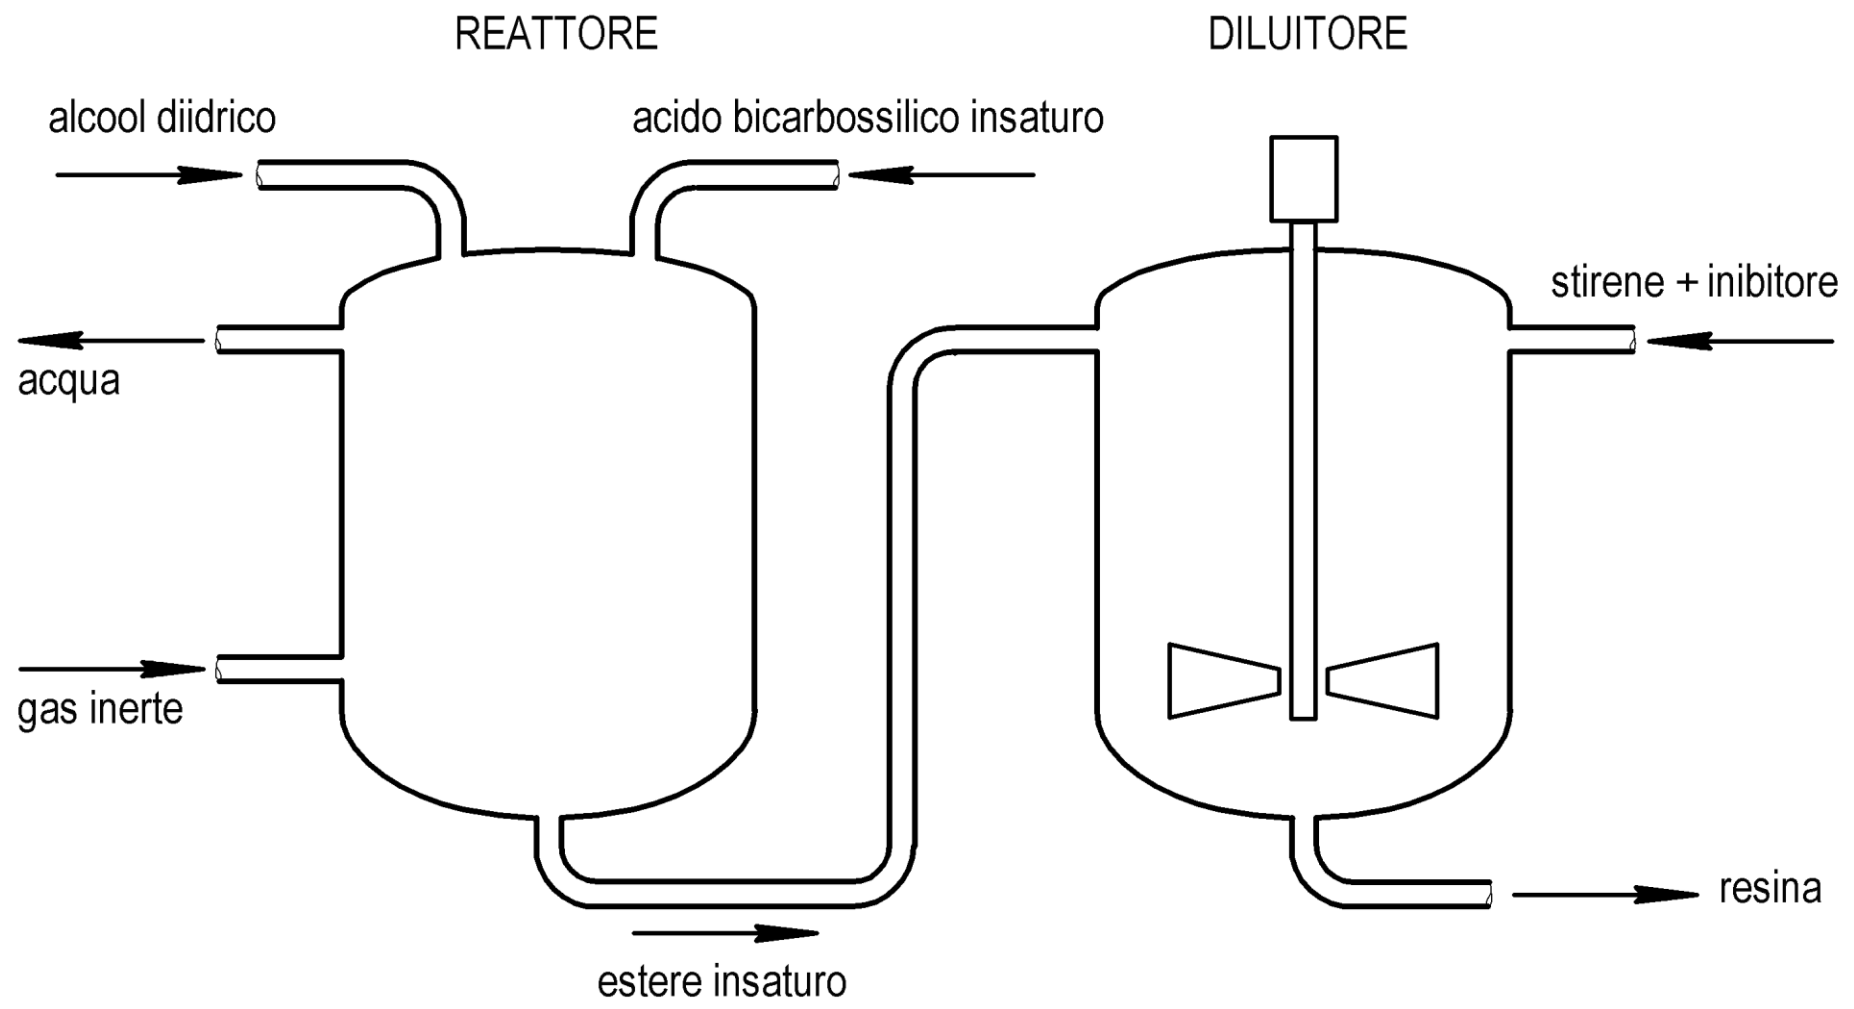

(materiali compositi: resine)

Curva di polimerizzazione di una resina

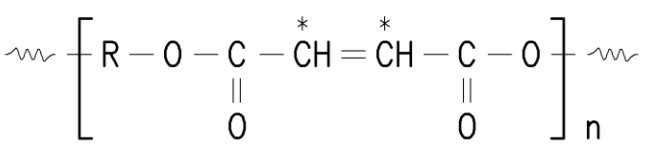

Produzione della resina poliesteri insatura

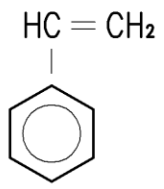

Reticolazione di una resina poliestere insatura con stirene

R radicali
* siti reattivi

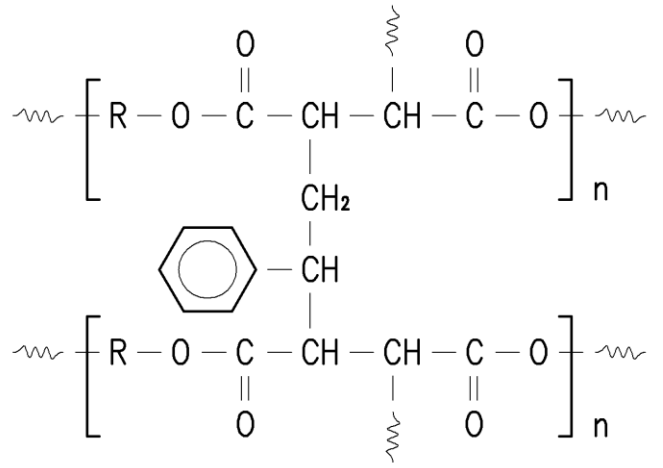

resina poliestere insatura

+

stirene

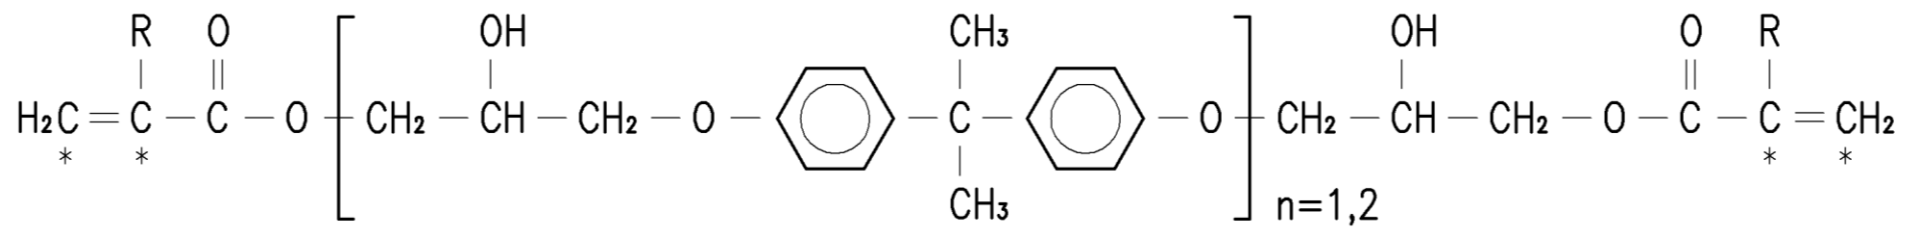

→

Formula strutturale di una resina vinilestere

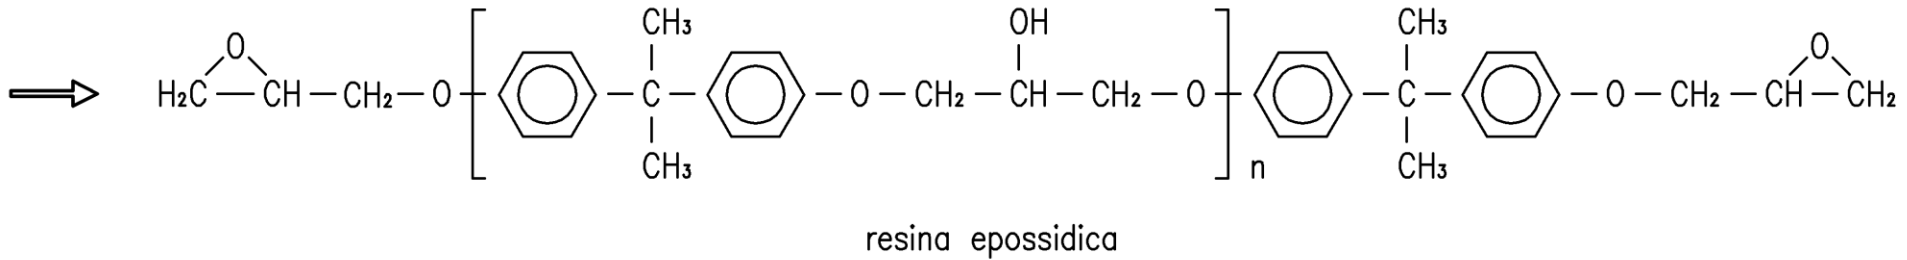

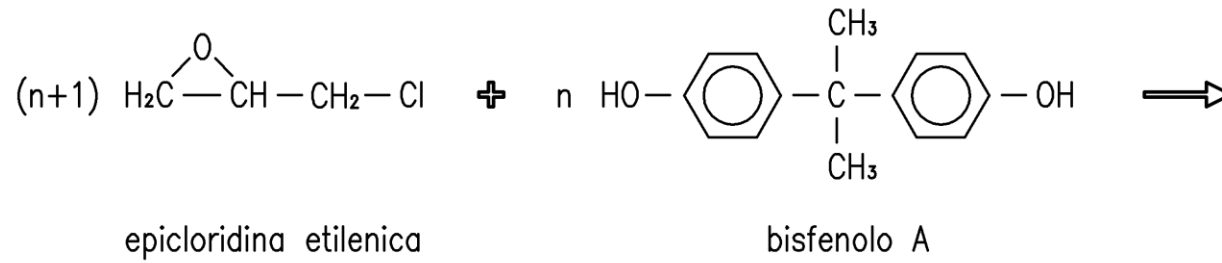

R radicali

* siti reattivi

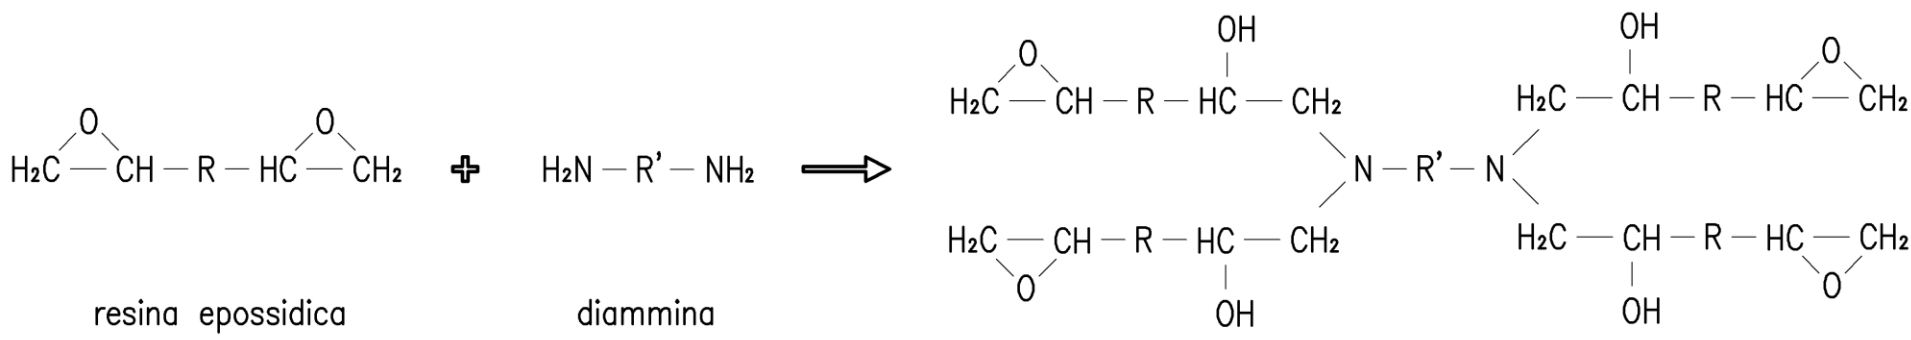

resina vinilestere

Sintesi di una resina epossidica

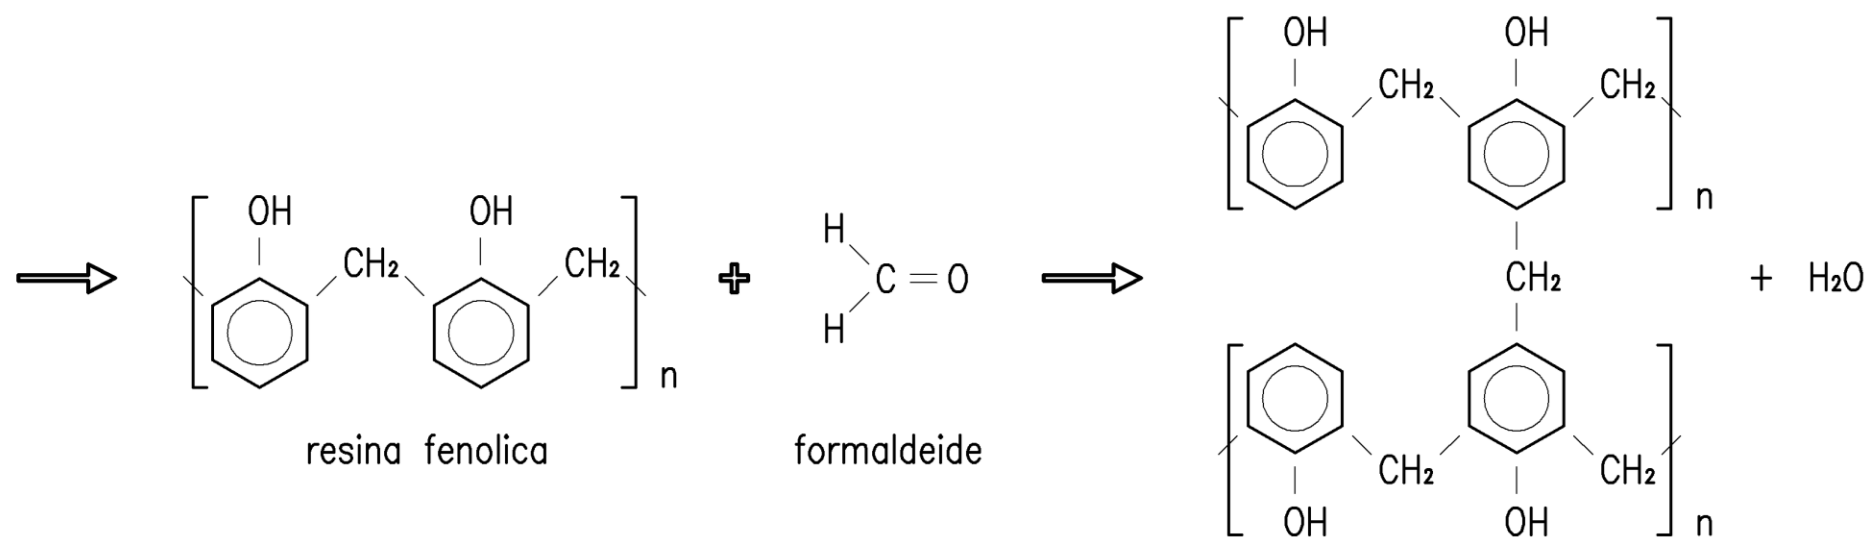

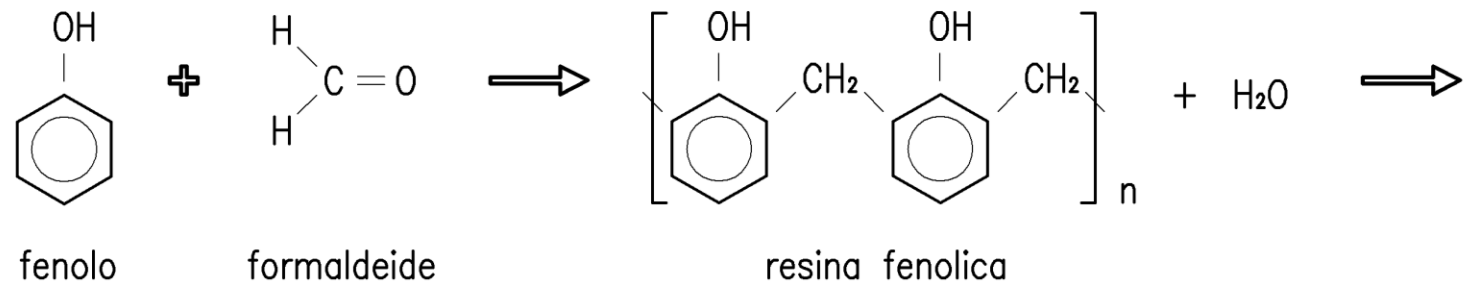

Reticolazione di una resina epossidica tramite diammine

R, R' radicali

Chimismo di una resina fenolica

Durometri analogici tipo Barcol e Shore

Formazione di blister per osmosi
