

MIGHT

GROUP D

Agnese Laghetto, Marta Pellegrini, Virginia Rossato, Teodora
Maude, Diletta Scoccia

USAGE AND FUNCTION

within a business context

The modal verb might is mainly used to express:

- *POSSIBILITY*: used to express the possibility that something will happen or be done, or that something is true although not very likely.

Back in the Game

Like many Australian women, you might have played a sport like netball when you were younger. But due to barriers in life - like work, injury, family or just losing motivation - you **might** have dropped out of the game.

And that's okay. Because when you're armed with the right tools and expert tips from Caitlin Bassett, Laura Geitz and Sharni Layton, it's easy to overcome those hurdles, feel inspired, and get back in the game.

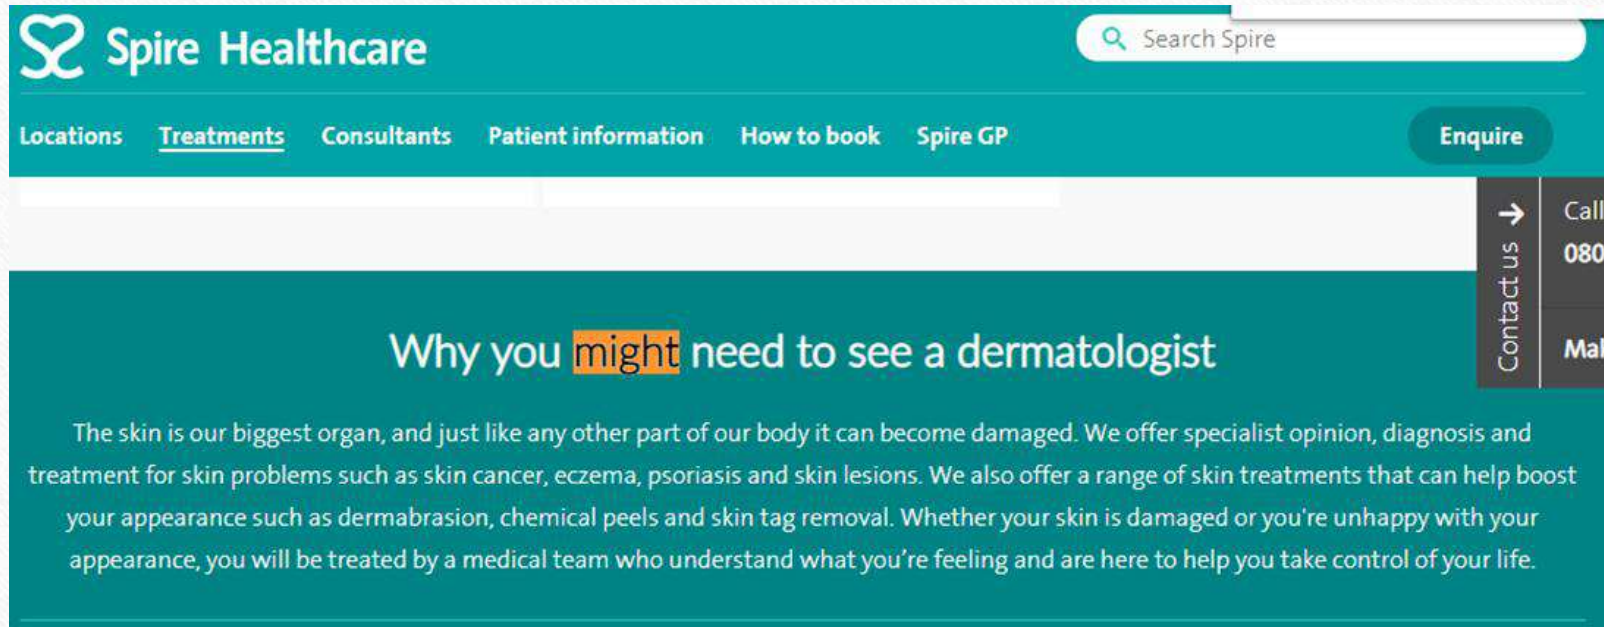

EVERY ROLEX TELLS A STORY

GARY PLAYER

Grand Slam winner Gary Player – who has won nine Majors on the Regular Tour and nine on the Senior Tour – is one of the most successful golfers in the history of the sport. As well as being the World's Most Traveled Athlete®, Player has won 165 tournaments on six continents over six decades and was inducted into the World Golf Hall of Fame in 1974. Along with Arnold Palmer and Jack Nicklaus he became known as one of "The Big Three" golfers of his era – from the late 1950s through to the late 1970s. He turned professional at 17, after being encouraged to play golf by his father, who told him he **might** one day own a Rolex. Today, his Rolex is a reminder of the adversity he faced, how far he has come and of his father.

- SUGGESTION: used to make a suggestion or suggest a possibility in a polite way

The screenshot shows the Spire Healthcare website. The header is teal with the Spire Healthcare logo on the left and a search bar on the right. Below the header is a navigation bar with links: Locations, Treatments, Consultants, Patient information, How to book, and Spire GP. On the right side of the navigation bar is an 'Enquire' button. Below the navigation bar is a large teal section with the heading 'Why you might need to see a dermatologist'. The word 'might' is highlighted in orange. Below the heading is a paragraph of text. On the right side of the teal section is a vertical sidebar with a 'Contact us' button and a 'Call' button with the number '0800'.

Why you might need to see a dermatologist

The skin is our biggest organ, and just like any other part of our body it can become damaged. We offer specialist opinion, diagnosis and treatment for skin problems such as skin cancer, eczema, psoriasis and skin lesions. We also offer a range of skin treatments that can help boost your appearance such as dermabrasion, chemical peels and skin tag removal. Whether your skin is damaged or you're unhappy with your appearance, you will be treated by a medical team who understand what you're feeling and are here to help you take control of your life.
