

EVALUATION OF ORAL PRESENTATIONS AA. 2019-2020

Team	Points	
Genomic Imprinting regulated by ncRNA	16	outstanding
Dosage compensation in vertebrates	14	
lncRNA and resistance of tumors to chemotherapy	14	
Drosophila Dosage Compensation	16	
lncRNA in cancer formation and progression	16	
lncRNA and hyperconserved elements	14	
RNA Editing (ADAR)	16	
R-Loops and chromatin structure	16	
lncRNAs and resistance of tumors to immunotherapy	15	
Drosophila dosage compensation	16	outstanding
lncRNA in cancer formation and progression	16	outstanding
R-loops and genomic stability	13	
Cajal bodies and telomerase	15
