To register the grade in the university booklet, the student must register for an exam in esse3.
Students who have registered for the exam on 13/01/2021 and have passed it, must wait for the registration of the passing. At the moment it is not possible to register due to a malfunction of my digital signature. As soon as the situation is resolved, I will complete the process and the grade will appear in your booklet.

Students who have taken the exam on moodle but have not yet registered for an exam on esse3, are asked to register for the next date. Otherwise they will not be able to have the registration in the university booklet.

The next dates in esse3 are published.
