

Dear students,

In this table you can find the results of the assignments.

The **criteria used to assign the points** are:

- consistency of the topics covered with company law;
- level of complexity of the chosen topic;
- ability to treat the topic in a systematic view of company law;
- ability to systematically expose the topic;
- presence of errors in the use of legal concepts;
- language used;
- sources consulted;
- fluency of the text;
- accuracy in formal aspects;
- presence of textual signs of copying.

The assignment point will be added to your exam grade if you achieve a sufficiency in this.

During the corrections, I found three particularly high-quality works and I want to congratulate those who wrote them. These assignments are:

1. Boarding the Dutch Express. Italy's Corporate Giants on the Move
2. Women in Business and Their Growing Role
3. Banca CaRiGe Case Law

I wish you happy holidays!

Giulia Serafin
