

The background of the entire slide is a blurred image of a library or study area with bookshelves. In the foreground, a stack of several books is shown, with the top one open. Floating above the books are various white-outlined mathematical symbols and icons, including plus signs, minus signs, multiplication signs, division signs, percentages, question marks, infinity symbols, and some more complex symbols like sigma and lambda. There are also small icons of a lightbulb, a magnifying glass, and a hand pointing.
